

Ispalax

Relieves constipation

Description:

Ispalax is a very effective formula. It's composed of two natural ingredient; Isabgul & senna leaf. Isabgul is a gentle bulk forming laxative. It contains up to 70% soluble fiber & 30% of insoluble fibers. The main chemical ingredients of psyllium is mucilage, which is very useful in chronic constipation, piles, gastritis & colon cancer. Isabgol is capable of absorbing up to 40 times of water of its own weight part of its activity can be attributed to its action as a simple bulking agent. It swells as it absorbs water in the bowel & the increase bulk in the bowel more easily which helps to relieve constipation. Senna contains sennosides which acts as a stimulant laxative. It works by irritating & stimulating intestinal cells, producing contractions of intestines, water influx to the intestines & bowel movement to remove constipation. Taking ispalax in a regular basis helps to cure intestinal inflammation, intestinal ulcer, hyperacidity & improving the function of digestive system.
