

# Laooq Damavin

Effective for Dyspnoea & Asthma

## Description:

One of the ingredients of Lauk Damabhin is ephedrine from Somakalpalata which restores breathing to normal within a very short time during shortness of breath. Apart from this, it relieves asthma and mucus. The syrup of Lauk Damabhin is an expectorant and phlegm remover and it cures cough, shortness of breath, old cold, cough and bronchitis. One of its ingredients, Lauk Katan, is a sedative and anti-inflammatory. It cures dry cough, old cold and cough, rupture of the lungs, pneumonia and lung inflammation.

## Ingredients: Per 100 g contains
