Unani medicine

Description :

Adocin syrup is a combination of herbs, which is effective for all kinds of cough. All of the herbs of this combination are time tested and shown to be clinically effective in case of cough, cold, catarrh and influenza. It is well tolerated, safe and nonsedating with potent anti allergic properties. Adocin syrup is free from drowsiness and dryness of mouth. Adocin syrup is effective for both children and adults. Piper longum contains volatile oil and piperine effective for asthma, cough, chronic congestion and hoarseness. Zizyphus vulgaris, Sisymbrium irio seed are expectorant and used in bronchitis. Ocimum album are expectorant, antikatarrhal and febrifuge. Adhatoda vasica leaf relieves cough, bronchial spasm and liquefies mucous. It has anti fungal, anti bacterial and antiseptic effect. Glycyrrhiza glabra relieves irritation of throat. Modulates the immune system. Used as demulcent, expectorant and anti inflammatory. Zingiber officinale contain anti histaminic factor, also effective in common cold.
