

Bebiton

Baby Carminative & Digestive

Description:

Bebiton is a complete herbal digestive and carminative syrup for children. The herbs used in Bebiton contain essential vitamins and minerals, which are very important for the proper growth and development of children. Consuming Bebiton makes weak children healthy and strong. The active ingredient of mint, menthol, prevents indigestion, flatulence and diarrhea. The anise used in Bebiton contains methyl carvicol and anisaldehyde, which relieves flatulence and stomach pain in children. In addition, the active ingredient of dill seeds, carmin, prevents stomach and intestinal spasms and brings good sleep. The volatile oil in Bebiton relieves digestive disorders in children, especially insomnia and stomach disorders during teething.
