

# Cofcin

Cough expectorant & Lung's Stimulant

## Description:

The presence of unnecessary substances in the lungs causes coughing. Caffeine activates the lungs by removing unnecessary substances from the lungs. When the lungs are inflamed, the alveoli are not soft like a sponge, they become hard. As a result, contraction and expansion during breathing are hindered and asthma occurs. Caffeine plays an effective role in asthma. The active ingredients of the herbs used in it are butyric, ascorbic acid, which reduce the tension of the lung airways, thus relieving cough. The vasicine alkaloid, triterpenoid, glycyrrhizin in Basak and Jastimadhu play an important role as a mucus source. The active ingredient in it is xanthine, which works against streptococcus bacteria, thus relieving airway inflammation and asthma.

## Ingredients: Every 5ml contains

<i>Adhatoda vasica</i>	75 mg
<i>Zizyphus jujuba</i>	75 mg
<i>Borago officinalis</i>	75 mg
<i>Linum usitatissimum seed</i>	75 mg
<i>Papaver somniferum</i>	75 mg
<i>Cordia dichotoma</i>	75 mg
<i>Althaea officinalis seed</i>	75 mg
<i>Glycyrrhiza glabra</i>	75 mg
<i>Hyssopus officinalis</i>	75 mg
<i>Adiantum cepilus veneris</i>	75 mg

And other ingredients

**Disease indications:** \* Cough \* Whooping cough \* Old cold \* Breathing difficulties \* Lung weakness \* Effective in cough caused by asthma and influenza]

**Additional benefits:** Caffeine acts as a completely drowsiness-free expectorant and nerve stimulant. When caffeine is consumed with warm water, the volatile oil in it evaporates and spreads to the larynx, resulting in the removal of phlegm in a very short time.

**Directions for use:** Adults: Take 2-4 teaspoons 2-3 times a day after meals.

**Minors:** Take 1-2 teaspoons 2-3 times a day after meals or as directed by a doctor.

**Contraindications:** No contraindications.

Side effects: No side effects have been observed in the prescribed dosage.

**Caution:** Keep out of reach of children.

**Storage:** Keep away from light and moisture, in a dry and cool place.

**Packaging:** 100 ml, 200 ml and 450 ml PET bottles.
