

# Herboton

A Tonic for Vigor Vitality & Freshness

## Description:

Since Harboton contains willow, nagar mukha, and white sandalwood, the ingredients quickly mix with the blood and reach the various cells of the human body. Harboton refreshes and activates the senses of the human body. Since the herbs used in Harboton contain zinc, it improves the brain and increases its retention capacity, strengthening its intellectual power. Harboton plays an important role in increasing the intelligence and memory of children and increasing mental awareness. The extracts of various aromatic spicy herbs used in Harboton stimulate the appetite center and secrete digestive juices, helping in the digestion of consumed food, resulting in increased appetite. Amalaki, small cardamom, etc. accelerate the digestion of fatty foods. The abundance of vitamin C in Amalaki increases the immune system and prevents the destruction of the body's cells.
