

Kofmint

Natural Cough Expectorant & Relieves Cough

Description:

Kofmint is a super combination of cough expectorant & antitussive made with combination of natural medicinal plants. Which is effective for all kinds of cough. The herbal ingredients of kofmint of this combination are time tested and shown to be clinically effective in case of cold, cough & flu. The main ingredient of Kofmint is Adhatoda vasica & Glycyrrhiza glabra. Adhatoda vasica contains vasicine which has expectorant, bronchodilator, antitussive, mucolytic and anti-allergic properties. Glycyrrhiza glabra contains glycyrrhizic acid, which inhibits the secretion of histamine and acts as an antiallergic agent. Kofmint is a safe and an effective, well tolerated and nonsedative for both adults and children. For the acts of active ingredients in adhatoda vasica it is used in bronchial problems in Unani medicine. Kofmint made by natural component help to cure cough, cold, has activities on mucolytic & bronchodilatory.
