

# Skinogen

Natural Blood Purifier & Relieves Skin Diseases

## Description:

Skinogen is an excellent blood purifier. Abnormal metabolic products such as allergens, bacteria, viruses, bile pigments, carbon-di-oxide, ketones, lipids, etc pollute the blood. Consuming skinogen removes all waste products from the body along with excrement and sweat, ensuring pure blood supply to the brain, heart, lungs, liver and kidneys, thereby increasing the efficiency of these important organs. Skinogen removes unnecessary substances accumulated under the skin and prevents itching and burning sensation of the body. It cures measles and chickenpox rashes in children.
